We give you four reasons why outsourcing to North Macedonia really works:

### **1. Talented and motivated young professionals**

Even though North Macedonia is a small country with a population of only around 2 million you can find a lot of talented and motivated young professionals here.

Plenty of education centers focused on creating well-trained professionals in many areas that are competitive in the market.

### **2. High English language proficiency**

Do you have trouble finding an outsourcing partner that possesses English proficient staff?

North Macedonia is known to have a high rate of English proficient people. Children start learning English from early ages. English is a mandatory subject in primary and secondary schools in North Macedonia and lot of education centers that offer English and Business English courses. Our English is with no unique accent, gives the opportunity to avoid misunderstanding and possible language barriers.

### **3. Great quality-price ratio and low taxes. Cost reduction**

Skilled employees for a low price. This is another big reason why you should consider outsourcing to North Macedonia – it really works and lot of successful companies have decided to outsource here.

Basically, you get your work done for a lower price by people with experience and skilled expertise. You also skip the costs related to hiring, health insurance and vacation pay and all related taxes in your country. To make it short, you get quality at a lower price compared to your country, and you are free from all the problems that might appear while you are searching for an expert in the field.

Thank you for your time and consideration!

Looking forwards for a very successful cooperation.
